Hello Peter

Thank you for the email. Regrettably LSFO is not available in Prince Rupert.

I wish I was able to assist but I am afraid it is not possible.

Best regards
Tony Brewster

Dear Tony,

The subject vessel arrived Prince Rupert on 3rd March 2014 with complaint LSFO 76.35 Mts remaining onboard. Due to prolonged berthing delay, we expect that she will be running out of the compliant LSFO by end of this month. However, she requires compliant LSFO for resuming ECA operations as well as US Waters transit thereafter. Such case, can you please advise availability of complaint LSFO (S<1.0%) in Prince Rupert? Thanks!

Regards,

Peter
